

# The Jelly-crab, and army.

Sea rocks and the blingin waves  
Did argue and nibble in the caves  
All missies were the babes  
And where some rats were out of range

Beware the jellycrab my boy  
Beware the jelly crab rubadub birds  
that shoot.  
The furious dab snatchers

He took his violent sword in claw  
Long time this handsome foe he saw  
So he rested by the seaweed  
And stood while he thought

And saw  
thought  
The  
eyes of  
Came  
through  
And  
came

a fish as he  
jellycrab had  
flank  
whiffing  
the stulgy sea  
gurgled as it

And  
crab  
Come to  
boy  
Fabulous  
He chuck.

slain the jelly  
my arms you little  
day horray, horray  
led it joy

Sea rocks and the blingin waves  
Did argue and nibble in the caves  
All missies were the babes  
And where some rats were out  
of range.
